TERMS AND CONDITIONS FOR **USE**, REPRODUCTION, **AND** DISTRIBUTION

1. Definitions.

"License" shall mean the terms **and** conditions **for use**, reproduction, **and** distribution **as defined by** Sections **1 through 9** of this document.

"Licensor" shall mean the copyright owner **or** entity authorized **by** the copyright owner that **is** granting the License.

"Legal Entity" shall mean the **union of** the acting entity **and all** other entities that control, **are controlled by, or are under** common control **with** that entity. **For** the purposes of this definition, **"control"** means (i) the **power**, direct **or** indirect, **to** cause the direction **or management of** such entity, whether **by** contract **or** otherwise, **or** (ii) ownership of fifty percent (**50%**) **or more of** the outstanding shares, **or** (iii) beneficial ownership **of** such entity.

"You" (or **"Your"**) shall mean an individual **or** Legal Entity exercising permissions granted **by** this License.

"Source" form shall mean the preferred **form for** making modifications, **including** but **not** limited to software **source** code, documentation **source**, **and** configuration files.

"Object" form shall mean **any form** resulting from mechanical transformation **or translation of** a **Source form**, **including** but **not** limited to **compiled object** code, **generated** documentation, **and** conversions to other media types.

"Work" shall mean the **work of** authorship, whether **in Source or Object form**, made available **under** the License, **as indicated by** a copyright **notice** that **is** included **in or** attached to the **work** (an example is provided **in** the Appendix below).

"Derivative Works" shall mean **any work**, whether **in Source or Object form**, that **is based on** (or derived from) the **Work and for** which the editorial revisions, annotations, elaborations, **or** other modifications represent, **as a whole**, an original **work of** authorship. **For** the purposes of this License, Derivative Works shall **not include** works that remain separable from, **or merely link** (or bind **by name**) to the interfaces of, the **Work and** Derivative Works thereof.

"Contribution" shall mean **any work of** authorship, **including** the original **version of** the **Work and any** modifications **or** additions to that **Work or** Derivative Works thereof, that **is** intentionally submitted to Licensor **for inclusion in** the **Work by** the copyright owner **or by** an individual **or** Legal Entity authorized to submit **on behalf of** the copyright owner. **For** the purposes of this definition, **"submitted"** means **any form of** electronic, verbal, **or** written communication sent to the Licensor **or** its representatives, **including** but **not** limited to communication **on** electronic mailing lists, **source** code control systems, **and** issue **tracking** systems that **are managed by, or on behalf of,** the Licensor **for** the purpose of discussing **and** improving the **Work**, but **excluding** communication that **is** conspicuously marked **or** otherwise designated **in writing by** the copyright owner **as "Not a Contribution."**

"Contributor" shall mean Licensor **and any** individual **or** Legal Entity **on behalf of** whom a Contribution has been received **by** Licensor **and** subsequently incorporated **within** the Work.

2. Grant of Copyright License. Subject to the terms **and** conditions of this License, **each** Contributor hereby **grants to** You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, **prepare** Derivative Works of, publicly display, publicly perform, sublicense, **and** distribute the

Work and such Derivative Works in **Source or Object** form.

3. **Grant of Patent License.** Subject to the terms and conditions of this License, **each** Contributor hereby **grants to You** a perpetual, worldwide, non-exclusive, **no-charge**, royalty-free, irrevocable (**except as stated in this section**) patent license to make, have made, use, offer to sell, sell, **import**, and otherwise transfer the **Work**, where such license applies **only to** those patent claims licensable by such Contributor that **are** necessarily infringed by their Contribution(s) alone **or by** combination of their Contribution(s) with the **Work** to which such Contribution(s) was submitted. **If** You institute patent litigation against **any** entity (**including a cross-claim or counterclaim in a lawsuit**) alleging that the **Work** or a Contribution incorporated **within** the **Work** constitutes direct or contributory patent infringement, **then any** patent licenses granted to You **under** this License **for** that **Work** shall terminate **as of** the **date** such litigation is filed.
4. **Redistribution.** You may reproduce **and distribute** copies of the **Work** or Derivative Works thereof **in any medium, with or without** modifications, **and in Source or Object form**, provided that You meet the **following** conditions:
 - (a) You must give **any** other recipients of the **Work** or Derivative Works a copy of this License; and
 - (b) You must cause any modified files to carry prominent notices stating that You changed the files; and
 - (c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the **Work**, excluding those notices that **do not** pertain to **any part of** the Derivative Works; and
 - (d) If the **Work** includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that **do not** pertain to **any part of** the Derivative Works, **in at least one of the following** places: **within a NOTICE text file distributed as part of** the Derivative Works; within the Source form or documentation, if provided along **with** the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and **do not modify** the License. You may **add** Your own attribution notices **within** Derivative Works that You **distribute**, alongside **or as an addendum to** the **NOTICE text** from the **Work**, provided that such additional attribution notices cannot be construed **as** modifying the License.

You may **add** Your own copyright **statement** to Your modifications **and** may provide additional **or** different license terms **and** conditions **for use**, reproduction, **or** distribution of Your modifications, **or for any** such Derivative Works **as a whole**, provided Your **use**, reproduction, **and** distribution of the **Work** otherwise complies with the conditions stated **in** this License.
5. **Submission of Contributions.** Unless You explicitly state otherwise, **any** Contribution intentionally submitted **for** inclusion **in the Work** by You to the Licensor shall be **under** the terms and conditions of this License, **without any** additional terms **or** conditions. Notwithstanding the above, **nothing** herein shall supersede **or modify** the terms of **any** separate license agreement you may have executed **with** Licensor regarding such Contributions.
6. **Trademarks.** This License does **not grant** permission to **use** the trade names, trademarks, service marks, **or** product names of the Licensor, **except as required for** reasonable and customary **use in** describing the origin of the **Work** and reproducing the **content of** the **NOTICE** file.
7. **Disclaimer of Warranty.** Unless **required by** applicable law **or** agreed to **in** writing, Licensor provides the **Work** (and each

Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.
9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

APPENDIX: How to apply the Apache License to your work.

To apply the Apache License to your work, attach the following boilerplate notice, with the fields enclosed by brackets "[]" replaced with your own identifying information. (Don't include the brackets!) The text should be enclosed in the appropriate comment syntax for the file format. We also recommend that a file or class name and description of purpose be included on the same "printed page" as the copyright notice for easier identification within third-party archives.
